

# The center of Help, Hope and Healing for a Healthy Mind

## The BRAIN Center Caring for the health of the Human Brain

RSAW's Brain Center treats disorders of the nervous system. This includes diseases of the brain, spinal cord, nerves, and muscles such as strokes, epilepsy (seizures), headaches, Alzheimer's disease, multiple sclerosis, Parkinson's disease, and various forms of pain.

Our medical staff team is dedicated to providing world class care to our patients and their families, committed to the concept of teamwork with the physicians and families involved in the care of every patient.

At RS Abdi Waluyo, we deliver high quality, state-of-the-art care with our patients' health, comfort, and peace of mind at the center of all we do.
